License Renewal

Changes in Application Information
Complete a Texas Lottery Application for Ticket Sales License. You can apply for a license online by using the Lottery Services Portal (LSP). To register with LSP, go to tx.gtechlsp.com or txlottery.org/lsp. You also may download the application and additional forms from our website at txlottery.org (go to Retailers/Retailer Forms), email to retailerforms@lottery.state.tx.us or call Retailer Services at 800-375-6886.

Fee is $125.00 for the first location and $50.00 for each additional location with the same sales tax number. Make check or money order payable to State Treasury. Complete the Electronic Funds Transfer (EFT) Authorization Form and attach a voided check for the account.

Applicant is required to provide fingerprints. We can mail you fingerprint cards or any law enforcement agency that conducts fingerprinting will have them. You may wish to call the agency before going; some agencies conduct fingerprinting only on certain days. We use standard Department of Public Safety fingerprint cards or you may submit electronic fingerprints by scheduling a fingerprint appointment at 888-467-2080 or www.identogo.com.

Send a completed Texas Lottery Application and EFT Authorization form along with fee payment and fingerprint cards to:

Retailer Services
Texas Lottery Commission
PO Box 16660
Austin TX 78761-6660

For assistance in completing the application, email us at retailerwebhelp@lottery.state.tx.us or call 800-375-6886. Please allow approximately two weeks for application processing.
Some applicants will receive a provisional license until all eligibility checks have been completed.

A Texas Lottery Ticket Sales License is valid only at the location named on the license and the license is non-transferable. If your business changes ownership, the new owner must apply for a new license. The application fee for a new Ticket Sales License is $125. The fee for a new license is $50 if the owner of a location is applying for a license for another location with the same sales tax number.

A Texas Lottery Ticket Sales License must be renewed every two years by the expiration date shown on the license. The renewal fee is $15. You may renew online via the Lottery Services Portal at tx.gtechlsp.com or txlottery.org/lsp as early as two months before the license expiration date. If you have not renewed online by 60 days before the expiration date, the Texas Lottery will send you a renewal application. Your renewal application must include any applicable fees and must be postmarked by the expiration date shown on the license. You must provide written notification of any changes to information in your license application including owners, officers and contact information.
You must notify the Texas Lottery in writing (includes email), with an authorized signature, of any change in the information on your original or most recent renewal application, such as a change in officers or a change in your mailing address. You also may submit changes to your license information via the Lottery Services Portal at tx.gtechlsp.com or txlottery.org/lsp.

Certain changes may require the submission of a new license application. For example, if you sell your business, the new owner will not be permitted to sell lottery tickets under your license. Also, if you change your business structure—for example, changing from a sole proprietorship to a corporation—or acquire a new Federal Employer Identification Number (also known as a Federal Tax Identification Number), you must submit a new application and any applicable fees.

If you are adding a new owner, you will be required to submit an Application for the Addition of Officer/Director/Partner form, or an Owner Eligibility Certification form if you are adding an Owner via the Lottery Services Portal. These forms are available at txlottery.org/Retailers/Retailer_Forms or by calling Retailer Services at 800-375-6886. The fee for adding an owner is $25 unless the new owner already exists in our system. There is no fee for adding an owner that is in our system to a new location.

Frequently Asked Questions About CAMP
If you plan to close your business temporarily, an owner, officer, partner or director must notify the Texas Lottery (includes phone, email and fax) in advance. You must provide the dates and times when you plan to be closed and a telephone number where you can be contacted while your business is closed. An IGT LSR will pick up all tickets and any lottery equipment. You should call Retailer Services at least 5 days before reopening your business in order to schedule the re-installation of your terminal and resume ticket deliveries.

**PLEASE NOTE:** Your bank account will continue to be swept while your business is closed, so you must keep your bank account open with sufficient funds to pay any charges. You may call Retailer Services on Monday to find out the amount of your sweep for the following Wednesday. You also can obtain the sweep information online via the Lottery Services Portal ([tx.gtechlsp.com](http://tx.gtechlsp.com) or [txlottery.org](http://txlottery.org)).

### TERMINAL OPERATION HOURS

Terminal operating hours are almost 24 hours except from midnight to 12:30 a.m. You may sell scratch tickets during terminal down time and may begin selling draw games at 12:30 a.m. C.T.
Tickets may be sold only at your licensed location. Scratch and draw game tickets must be available for sale at all times during your normal business hours, except during the terminal down time.

You may not accept credit cards or food stamps as payment for tickets. Debit cards, cash, checks and Texas Lottery coupons or vouchers are acceptable forms of payment.

You may not sell lottery tickets to minors (persons under the age of 18), nor may minors purchase lottery tickets.

You may not sell tickets for a price greater than the Texas Lottery price that is printed on the ticket. You may give tickets away for promotional purposes. Each store must set its own policy regarding if and when store employees may purchase tickets.

Federal law prohibits the sale of lottery tickets by telephone or by mail. Federal law also prohibits the transportation of tickets across state lines for resale.

To receive a retailer bonus, a retailer must be in good standing with the Texas Lottery Commission as well as the state of Texas. Any outstanding balance owed to the Texas Lottery Commission or the state of Texas must be resolved before payment of the bonus. The retailer must also be in compliance with all procedures for the sale of lottery tickets. For specific questions regarding retailer bonuses, please call Retailer Services at 800-375-6886. To view the current bonus chart, visit txlottery.org/retailerbenefitsbonuses.
INVOICES AND REPORTS

For security and accounting purposes, please keep all documents, invoices, sign-on slips and reports concerning your lottery account for a minimum of seven (7) weeks.

YOUR IGT LOTTERY SALES REPRESENTATIVE (LSR)

Your LSR can assist you in ordering tickets and monitoring inventory and can provide you with updated product information and merchandising support. Your LSR can also provide some technical assistance. It is important to maintain an open line of communication with your LSR to make your experience as a Texas Lottery retailer both positive and productive.

TICKET SECURITY

You are responsible for lottery tickets in your possession, and you should handle them in the same manner you handle cash.
Within 24 hours of discovery that tickets have been stolen, you must report the theft to your local law enforcement agency and to IGT. After you have reported stolen tickets to your local law enforcement agency, you must call the IGT Hotline at 800-458-0884 and give IGT the case number assigned by the local law enforcement agency. IGT will notify the Texas Lottery Commission.

The sooner you report a theft to IGT, the sooner the tickets can be deactivated in the system, which will prevent the tickets from being validated. If validations occur on the tickets, you will be responsible for the range of tickets in which the validations occurred. An administrative fee of $25 per pack of tickets will apply to confirmed packs reported lost or stolen.

You must report lost tickets to the IGT Hotline within 24 hours of discovering the loss. Contact Texas Lottery Retailer Services at 800-375-6886 if you have questions about fees associated with lost or stolen tickets. If you find tickets that were reported lost or stolen they must be returned to your LSR; do not sell.

Tickets are considered damaged or destroyed if rendered unsaleable through circumstances not the fault of the retailer. Call the IGT Hotline at 800-458-0884 as soon as possible and no later than three (3) weeks from the occurrence. You may receive credit for activated tickets that are damaged if no validations have occurred on tickets in the range reported. There is a fee of $25 for a damaged pack in confirmed status (un-activated tickets).
The Compliance Activity Monitoring Process (CAMP) is an automated system that monitors all Texas Lottery and Charitable Bingo jurisdictional complaints received by the agency.

Complaints must be submitted in writing. Complainants are encouraged to submit complaints on the official Texas Lottery Commission Complaint Form. Complainants are kept informed of the status of their complaints.

The general public can obtain a complaint form by:

- Visiting the website at txlottery.org
- Visiting one of our Texas Lottery claim centers
- Contacting the Texas Lottery at 800-375-6886
- Mailing a request to the Texas Lottery, Attn: CAMP, P.O. Box 16630, Austin, TX 78761-6630
- Emailing request to Complaint@lottery.state.tx.us

If tickets were damaged by fire, report to fire department and provide the Texas Lottery a copy of the Fire Marshall’s report. If tickets were damaged other than by fire provide the Texas Lottery a copy of the insurance claim or receipt for repairs. Credit for damaged tickets may be granted for no more than two separate incidents in a twelve-month period.

A ticket that is illegible or damaged while being produced at the terminal may be considered a misprinted ticket. You may receive credit for a misprinted draw game ticket if you send the ticket with a Retailer Request for Adjustment form to the Texas Lottery Commission. A ticket which does not print due to “out of paper” will not be accepted for credit.
WHAT IS CAMP?

The goal of CAMP is to develop and maintain a centralized system that will track and monitor complaints received or violations discovered by the Texas Lottery Commission. CAMP enables the agency to rapidly identify problem areas of compliance activity or complaint trends.

WHAT IS A JURISDICTIONAL COMPLAINT?

A jurisdictional complaint is one in which the Texas Lottery Commission has the authority to interpret and apply the law in accordance with the State Lottery Act, the Bingo Enabling Act, and the Texas Lottery and Charitable Bingo administrative rules.

HOW WILL COMPLAINANTS KNOW IF THEIR COMPLAINTS ARE BEING INVESTIGATED?

Complainants will be informed of the status of their complaints when contact information is provided.

• For more information, call the CAMP section at 512-344-5300.

• Email your questions to Complaint@lottery.state.tx.us.
Electronic Funds Transfer
Invoice Period
Sweep Date
Insufficient Funds (Bank Returns)
Bank Errors
Changing Your Bank Account
Lottery Services Portal
You must maintain a bank account that the Texas Lottery can credit or debit (sweep) through its Electronic Funds Transfer (EFT) system.

The weekly invoice period runs from 12:30 a.m. Sunday through midnight Saturday, Central Time. A weekly statement will be available on your terminal after 12:30 a.m. C.T. each Sunday. Weekly statements are also available online through the Lottery Services Portal at tx.gtechlsp.com or txlottery.org/lsp.

A sweep notice will be sent to your bank electronically on Sunday at midnight. Once the sweep notice has been sent to your bank, the sweep amount cannot be changed.

Your bank account will be swept on Wednesday for the previous week’s activity. If a bank holiday falls on Monday, Tuesday or Wednesday, the sweep for that week will occur on Thursday. The entire amount you owe must be available for the sweep. The EFT system will not accept a partial payment, nor can an account be reswept.
A “bank return” occurs if the total amount due is not available when the EFT system sweeps your account. In the event of a bank return, your license will be suspended immediately; any lottery equipment linked to your retailer number will be disabled; and you will be subject to a penalty (5 percent of total amount due) and a $25 fee. You may not sell any lottery products during the time your license is suspended. Any time your terminal is disabled, call 800-458-0884.

If this is not your fourth suspension in 12 months, you will be able to resume selling lottery products by paying the full amount due by cashier’s check or money order, either in person at a Texas Lottery claim center or by certified or overnight mail to Texas Lottery headquarters. The Texas Lottery will sweep your account to collect fees and penalties. If funds are not available to cover the fees and penalties, your license will be suspended immediately. Confirm with your bank that the Texas Lottery is authorized for two sweeps: one for amount due and one for penalties and fees.

If your license is suspended four times in a 12-month period, the Texas Lottery will begin proceedings to revoke your license.
If a bank return is due to a bank error, your bank should fax a letter to Retailer Services accepting responsibility for the return. The letter must be on bank letterhead and signed by an officer of the bank, and it must state that you had sufficient funds in the account at the time of the sweep to cover your outstanding obligations. You can find an example of a bank-error letter on the Texas Lottery website at tx.gtechlsp.com or txlottery.org/retailerforms.

A bank return due to a frozen account is not considered a bank error.

If your bank accepts responsibility for the sweep return, the return will not be considered in determining whether you are subject to license revocation. You will, however, be responsible for bank-return fees and penalties.

Before you change your bank account, you must submit an Electronic Funds Transfer (EFT) form and provide a voided check from the new account. You can download the EFT form from the Texas Lottery website at txlottery.org/retailerforms. You may also update your banking information through the online Lottery Services Portal at tx.gtechlsp.com or txlottery.org/lsp.

You must keep your current account open with funds available for the weekly sweep until the Texas Lottery has notified you that your records have been updated.
The Lottery Services Portal (LSP) links retailers to their lottery financial and inventory information using the link at tx.gtechlsp.com or the Texas Lottery website at txlottery.org/lsp.

Prospective retailers can register with LSP and submit a license application online. Current license holders may enroll in the service by using their six-digit Lottery ID and establishing their email address as a username and password. You must be an owner, officer, partner or director to establish a user profile. Once you have established a user profile, you may add additional users and assign privileges to each user.

After you have logged in, you will find step-by-step instructions in the FAQ section on how to navigate through the Lottery Services Portal. If you have problems or issues not covered in the FAQ section, you may contact Retailer Services by phone at 800-375-6886 or email to RetailerWebHelp@lottery.state.tx.us. You may also request information about the Lottery Services Portal and schedule a retailer training session for you and your employees through your LSR or IGT district office.

Updates from the Texas Lottery accounting system are transferred to the Lottery Services Portal each night. Your account information will be available the following morning. The Lottery Services Portal is available 24 hours a day, seven days a week.

You may access the following information through the LSP:

- Low-Tier and Mid-Tier Validation Report
- Inventory Reports that display issued, confirmed and activated packs and the cost of each pack
- Packs that have settled on your lottery account, along with the date and time of the settlement
- Reports of online activities, such as sales and cashes
The Texas Lottery Commission will not sell or otherwise reveal your personal information or your email address. The requested information is needed to verify that you are a licensed Texas Lottery retailer.

Initial Order

Scratch tickets are assigned to a specific licensed retail location and may not be sold from another location.

Scratch Ticket Status

The following terms describe the status of scratch tickets.

• **Issued** - A pack of scratch tickets is in “issued” status if it has been assigned to a retailer but has not been confirmed through the retailer terminal. You may not sell or validate tickets from a pack in issued status.

• **Confirmed** - A pack of scratch tickets is in “confirmed” status if the retailer has confirmed receipt of the tickets through the retailer terminal. You may not sell or validate tickets from a pack in confirmed status.

• **Activated** - A pack of scratch tickets is in “activated” status if the retailer has activated the pack through the retailer terminal. You may sell tickets from a pack in activated status unless the game is closed. You may validate tickets from a pack in activated status until the end of validations date.

• **Settled** - A pack of scratch tickets is in “settled” status if it has been charged to your account. You may sell tickets from a pack in settled status unless the game is closed. You may validate ticket from a pack in settled status until the end of validations date.
**SCRATCH TICKET DELIVERY**

Scratch tickets will arrive at your location in sealed packages. A representative of your business must sign for the packages. An enclosed packing slip/invoice will identify the contents of the package by game and pack number. Immediately after delivery, you should make sure that the invoice shows the correct retailer name and number, and you should compare the pack numbers on the invoice to the pack numbers in the package. If there is a difference between what is shown on the packing slip/invoice and the actual contents of the package, call the IGT Hotline immediately at **800-458-0884**.

**SCRATCH TICKET CONFIRMATION**

Tickets delivered to your location will be in “issued” status. After you have determined that the invoice is accurate, you must confirm receipt of the tickets through your terminal.

**SCRATCH TICKET ACTIVATION**

You must activate a pack before you may sell tickets from the pack. (You must confirm receipt of a pack before you activate the pack.) If you sell tickets from a pack that has not been activated, players will not be able to redeem winning tickets from that pack at other locations. If a ticket, from a pack that was confirmed but not activated at your terminal, is validated at your terminal the pack will automatically be activated.

**ORDERING TICKETS**

You may order scratch tickets through your LSR or by calling the IGT Hotline at **800-458-0884**.
Tickets in a pack are numbered. For example, a pack containing 150 tickets will begin with ticket number 001 and end with ticket number 150. For your convenience, reverse numbering is provided on each ticket to indicate the number of tickets remaining in the pack. For example, 002(149) indicates ticket number 2 and there are 149 tickets remaining. For sales tracking and security purposes, tickets should be sold in order.

A pack is charged to your account when it “settles.” A pack of tickets will settle on your Texas Lottery account in one of the following ways:

- You may use your terminal to settle a pack of tickets at any time.
- A pack will automatically settle when 70 percent of the low-tier prizes in the pack have been validated.
- A pack will settle automatically 45 days after the date of activation.
- When picking up tickets from an active pack at your store, the LSR must settle the pack and then credit the returned tickets.
- Any tickets that are not returned to an LSR by the game closing date will settle automatically.
You should validate a scratch ticket only if you intend to pay the prize. If the ticket has a value of more than $100, the terminal will display a message asking if you wish to proceed with validation. However, if the ticket has a value of $100 or less, the terminal will automatically validate the ticket and you must pay the prize associated with the ticket. The terminal will not allow you to validate a ticket if the prize is greater than $599.

If your terminal displays the message "PREVIOUSLY PAID BY OTHER" or "PREVIOUSLY PAID BY YOU" when you attempt to validate the ticket, you should not pay the prize associated with the ticket. If a customer denies having received payment, you should ask the customer to contact a Texas Lottery claim center or call the Texas Lottery at 800-375-6886.

When you validate a ticket and pay the prize, you must deface the ticket and dispose of it appropriately. Removing the corner of the ticket containing the barcode or VIRN is usually sufficient. For tickets with a Secure Shield™ logo on the back of the ticket, you must deface the barcode under the latex on the front of the ticket.

If you validate a ticket but are unable to pay the prize, return the ticket to the customer and ask the customer to contact a Texas Lottery claim center.

If a customer presents a ticket at a claim center that your business validated but you did not pay, and the Texas Lottery pays the prize, your account will be adjusted to show you did not pay the ticket.
There are three prize ranges for scratch tickets: low-tier, mid-tier and high-tier. Low-tier prizes range from $1 to $24.99. Mid-tier prizes range from $25 to $599. High-tier prizes are prizes of more than $599.

Retailers may pay low-tier and mid-tier prizes—in other words, all prizes up to and including $599. High-tier prizes of $600 to $2.5 million may be paid at any Texas Lottery claim center. Prizes over $2.5 million, all grand/jackpot prizes for Lotto Texas®, Powerball® and Mega Millions®, all non-cash prizes, and all prizes that are paid out in annuity payments must be paid at Texas Lottery headquarters in Austin. Players should call the Texas Lottery at 800-375-6886 to confirm they have all the necessary information for claiming a prize before traveling to any claim center.

Do not validate a ticket unless you have sufficient cash, a business check or a money order to pay the winner. (The terminal will not allow you to validate a ticket for a high-tier prize.) You may not charge a player a fee for paying a prize with a money order or check.

If a customer presents a high-tier winning ticket, you should provide the customer with a Texas Lottery Winner Claim Form (see Exhibits section) and explain that the customer may claim a prize up to and including $2.5 million at any Texas Lottery claim center. A customer may also claim a prize by mail, but the customer bears any risk associated with mailing a ticket.
DEFACING TICKETS

You must deface validated lottery tickets except in cases where you validated a ticket but did not have sufficient funds to pay the prize. You may deface a scratch ticket by punching a hole through all four of the boxed serial (VIRN) numbers or completely through the bar code (top to bottom) on the back of the ticket. Removing the corner of the ticket containing the barcode or VIRN is usually sufficient.

For validated tickets displaying the Secure Shield™ logo on the back of the ticket, deface the barcode under the latex on the front of the ticket. Keep defaced tickets in a secure place until you reconcile validations to a terminal Today Report or a Daily Report (see Exhibits) the next day.

DEFECTIVE TICKETS

A pack may contain tickets that are defective because of errors in the manufacturing process. For example, a ticket may have printing errors or perforation errors. Do not sell or validate tickets that you believe to be defective, and do not sell other tickets from a pack that you believe contains one or more defective tickets. Contact an Instant Ticket Specialist at the IGT Hotline to have the ticket(s) evaluated. You will be given credit for any tickets that are determined to be defective.

DAMAGED OR ALTERED TICKETS

You are responsible for tickets that are damaged while in your possession. Contact the IGT Hotline (800-458-0884) to report damaged tickets. Contact Retailer Services (800-375-6886) if you have questions about fees associated with damaged tickets.
If a customer presents a ticket that is damaged or appears to have been altered, or you are in doubt about the validity of an apparent winning ticket, do not validate the ticket. Return the ticket to the customer and ask the customer to contact a Texas Lottery claim center.

If you have a lottery ticket vending machine which dispenses a miss cut or damaged ticket, you may mail the ticket with a Request for Adjustment Form to request a credit. You can either refund the player’s money or provide the player another ticket of the same ticket price. Call the IGT Hotline to report the equipment malfunction.

You may return full packs of tickets that are in Issued or Confirmed status as long as the tickets have not been damaged. Notify your LSR if you have packs of tickets to return. Refer to damaged ticket information in previous section.

You may return partial packs that have been activated only when a game ends, or in connection with the cancellation of your license or temporary closure. Refer to Damaged or Altered Tickets section.
Game closing procedures may be initiated for documented business reasons. These games may have prizes unclaimed, including top prizes. Also, game closing procedures will be initiated when all top prizes have been claimed. In most cases, except when all top prizes have been claimed, the game closing process allows time for a “Pre-Call” period of 30 days when the Texas Lottery provides public notice to allow players the opportunity to play for prizes in games prior to the Call Date.

When a game is to be closed, specific dates are set: the “Call” date and the “End of Game” date. The “Call” date begins a 45-day period during which LSRs must pick up from retailers all remaining tickets for the games that are going to close/end. The “End of Game” date is 45 days from the “Call” date and marks the close/end of the game. No tickets for a closed game may be distributed to or sold by retailers after the “End of Game” date.

If you have tickets from a game that is closing/ending, it is your responsibility to provide those tickets to your LSR when requested or to notify your LSR so the tickets can be picked up before the game closes. Any confirmed or activated tickets in your possession when the game ends will automatically settle and be charged to your account. You may not sell tickets after the game has closed. However, you may validate tickets until the end of validation date which is 180 days after the game closes.

Damaged or Altered Tickets
The terminal Quick Reference Card contains detailed instructions for generating draw game tickets for each of the Texas Lottery draw games. You should become familiar with those instructions. Ask your LSR for additional training on any game.

**MISPRINTED TICKETS**

A ticket that is illegible or damaged while being produced at the terminal may be considered a misprinted ticket. You may receive credit for a misprinted draw game ticket if you send the ticket with a Retailer Request for Adjustment form to the Texas Lottery Commission.

A ticket that a customer requests but does not buy is considered to be a misprinted ticket. You may sell the ticket to another customer before the drawing or buy the ticket yourself. Or, you may receive credit for a misprinted drawing ticket, if you send the ticket with a Retailer Request for Adjustment form to the Texas Lottery and it is postmarked before the draw. *Pick 3* and *Daily 4* tickets can be canceled with restrictions outlined in the following section.

Retailers are responsible for keeping paper in the terminal. A ticket which does not print due to “out of paper” will not be accepted for credit.

The Retailer Services staff will review any requests for credit. If a request is approved, the credit will appear on your weekly statement for the week in which it is approved. To check the status of an adjustment request, please call **Retailer Services, 800-375-6886.**
Pick 3 and Daily 4 tickets may be canceled within 60 minutes of purchase at the terminal where purchased, as long as the cancellation occurs on the same day and before the draw break. Other draw game tickets cannot be canceled. Call Retailer Services if you have questions about credit for canceled tickets.

Free Pick 3 or Daily 4 tickets printed for a promotion such as “Buy $3.00 of Pick 3, Get a Free Pick 3 Quick Pick,” cannot be canceled.

You may use the “Draw Game Inquiry” function to determine whether a ticket is a winner. Making a draw game inquiry does not validate a ticket. You should validate a winning ticket only if you are able to pay the prize.

You should validate a ticket only if you intend to pay the prize and if the ticket prize amount is less than $600. To validate a draw game ticket, you must either scan the bar code or manually enter the serial number of the bar code. If the ticket has a value of more than $100, the terminal will display a message asking if you wish to proceed with validation. However, if the ticket has a value of $100 or less, the terminal will automatically validate the ticket, and you must pay the prize associated with the ticket. The terminal will not allow you to validate a ticket if the prize is greater than $599.
If your terminal displays the message “PREVIOUSLY PAID BY OTHER” or “PREVIOUSLY PAID BY YOU” when you attempt to validate a ticket, you should not pay the prize associated with the ticket. If a customer denies having received payment, you should review the validation slip which displays the date of the payment if the ticket was “PREVIOUSLY PAID BY YOU.” Also, you may ask the customer to contact a Texas Lottery claim center or call the Texas Lottery at 800-375-6886.

If you validate a ticket, you should pay the prize, then deface the ticket and keep the defaced ticket in a secure place.

If you validate a ticket but are unable to pay the prize, return the ticket to the customer with a Texas Lottery claim form and ask the customer to contact a Texas Lottery claim center.

If a customer presents a draw game ticket at a claim center that your business validated but did not pay, and the Texas Lottery pays the prize, your account will be adjusted to show that you did not pay the ticket.

**DRAW GAME TICKET VALIDATION (CONT’D)**

**PRIZE LEVELS**

Retailers are encouraged to pay prizes up to and including $599. Prizes of $1 to $2.5 million may be claimed at any lottery claim center using a Texas Lottery Winner Claim Form. Prizes over $2.5 million, all *Lotto Texas*, *Powerball* and *Mega Millions* grand/jackpot prizes, all non-cash prizes and all prizes that are paid out in annuity payments must be claimed at Texas Lottery Headquarters in Austin. **Players should call 800-375-6886 before going to a claim center if they believe they are a holder of such a ticket.**

Do not validate a ticket unless you have sufficient cash, a business check or a money order to pay the winner. (The terminal will not allow you to validate a ticket for a high-tier prize.) You may not charge a player a fee for paying a prize with a money order or check.
If a customer presents a prize-winning ticket of $600 or more, you should provide the customer with a Texas Lottery Winner Claim Form (see Exhibits) and explain that they may claim a prize up to and including $2.5 million at any claim center. A customer also may claim a prize by mail, but the customer bears any risk associated with mailing a ticket.

If a customer presents a ticket that is damaged or appears to have been altered, or you are in doubt about the validity of an apparent winning ticket, do not validate the ticket. Return the ticket to the customer and ask the customer to contact a Texas Lottery claim center or call the Texas Lottery at 800-375-6886.
