How to Play Texas Triple Chance

- Each play costs \$2 per drawing, and each play includes three chances to win a prize.
- For chance 1: Player picks seven numbers from one to 55 or marks the “Quick Pick” box on a playslip which lets the terminal pick the numbers.
- For chance 2 and chance 3: The seven numbers will always be Quick Picks and will automatically print on a player’s ticket.
- Multi-Draw option: Player may purchase the same play (three sets of seven numbers) for more than one drawing by marking the “Multi-Draw” box to play up to 12 consecutive drawings.

How to Win

- The Texas Lottery will draw 10 numbers from one to 55. The top prize can be won by matching all seven numbers in any one chance to the numbers drawn.
- A player matching three or more numbers in any one chance will win a prize ranging from \$2 up to \$100,000.
