The Texas Lottery Commission is a part of the Executive Branch of Texas State Government. The Texas Lottery will not relinquish control over lottery operations. The Successful Proposer shall function under the supervision of the Texas Lottery. Its operations will be subject to the same scrutiny and oversight that would apply if all operations were performed by Texas Lottery® employees. Accordingly, all operations must be conducted in adherence to applicable statutes and the highest ethical standards.

## 1.6. Procurement Authority

This RFP and all activities leading toward the execution of a written contract under this RFP are being conducted in accordance with the State Lottery Act (Tex. Gov't Code. §§ 466.001, et seq.), as amended; the Texas Lottery's administrative regulations (16 TAC §§ 401.101, et seq.); and other applicable laws of the State of Texas. All Proposers should read and be familiar with the State Lottery Act and 16 TAC §401.101.

## 1.7. Proposals Subject to The Texas Public Information Act

1.7.1. The Texas Lottery is subject to the Texas Public Information Act (Act) (Chapter 552, Government Code). Proposals submitted to the Texas Lottery in response to this RFP are subject (in their entirety) to release by the Texas Lottery as public information. A Proposal, or specific parts thereof, may, however, be shown by the Proposer to fall within one or more of the exceptions to disclosure provided in the Act, the State Lottery Act or other applicable law. **Marking an entire Proposal as “confidential” or “copyrighted” is unacceptable.** If a Proposer believes that parts of its Proposal are confidential under the Act, it should specify the confidential information by marking “Confidential” on each page or by each paragraph containing such information prior to submitting the Proposal to the Texas Lottery. In response to this section, Proposers shall provide the Texas Lottery with specific and detailed reasons for each item marked “Confidential”. Vague and general claims to confidentiality are not acceptable. This detail is necessary so that the Texas Lottery will have sufficient information to provide to the Attorney General of Texas, if a ruling regarding the confidentiality of such information is requested. Failure of a Proposer to respond to such notification may result in the release of all or part of the Proposal as public information. It is the Proposer’s obligation to submit briefing to the Attorney General setting forth the basis upon which the requested information should remain confidential. The Attorney General may determine all or part of a Proposal to be public information even though parts of the Proposal were marked “Confidential” by the Proposer. Additionally, see Section 552.0222 of the Act relating to contracting information that is considered public and must be released.

1.7.2. The Texas Lottery assumes no responsibility for asserting legal arguments to the Attorney General on behalf of Proposers.

1.7.3. Proposers are advised to consult with their legal counsel concerning disclosure issues resulting from this procurement process and to take precautions to safeguard trade secrets and other proprietary information.

1.7.4. The requirements of Subchapter J of the Act may apply to this Proposal and the Proposer, contractor, or vendor agrees that the contract can be terminated if the Proposer, contractor or vendor knowingly or intentionally fails to comply with a requirement of that subchapter. See Attachment H.

## **1.8. Misunderstanding or Lack of Information**

By submitting a Proposal, a Proposer covenants and agrees that it fully understands and will abide by the terms and conditions of the RFP and it will not make any claims for, or have any rights to, cancellation or relief without penalty because of any misunderstanding or lack of information. The Executive Director reserves the right to accept Proposals by waiving minor technicalities if the Executive Director, within his or her sole discretion, determines it to be in the best interests of the Texas Lottery. The decision of the Executive Director shall be conclusive, and subject to protest under Section 2.20 of this RFP.

## **1.9. Rejection of Proposals and Cancellation of RFP**

Issuance of this RFP and/or retention of Proposals does not constitute a commitment on the part of the Texas Lottery to award a Contract. The Texas Lottery maintains the right to reject any or all Proposals, and to cancel this RFP, if the Texas Lottery, in its sole discretion, considers it to be in its best interests to do so.

## **1.10. Ownership of Proposals**

All materials submitted by a Proposer will become the property of the Texas Lottery and may be used as the Texas Lottery deems appropriate.

## **1.11. Incurred Expenses**

## **1.12. Proposal Tenure**

All Proposals shall be valid for a period of one hundred and eighty (180) Days from the deadline for submitting Proposals.

## **1.13. No Texas Lottery Obligations**

confidential (see Sections 552.110 and 552.305 of the Public Information Act and RFP Section 1.7 above).

## 2.6. Technical Architecture Document

The prospective Proposer's authorized representative identified on the NDS will be provided the technical architecture document by email. The document will be password protected. If a Proposer fails to obtain written clarification of any errors, the Proposer shall submit a Proposal at its own risk; and, if awarded a Contract, the Proposer shall be deemed to have waived any claim to contest the Texas Lottery's interpretation thereof.

## 2.8. Submission of Proposal

2.8.1. *Hand or Overnight Delivery Submission.* Printed Proposals may be delivered to Tammy Williams at the address provided in Section 2.1.2 and must be received no later than the deadline established in the Schedule of Events. Each PDF file attachment shall be a separate document and clearly named. To confirm receipt of all electronic submissions, Proposers should request a confirmation by e-mail.
- 2.8.3. If a Proposer submits multiple versions of the proposal document to ensure receipt, such as one by hand or overnight delivery and one by electronic delivery through the secure portal, the last received version that arrives before the Proposal deadline will be considered the official version designated for evaluation by the Evaluation Committee.
- 2.8.4. All Proposals must be organized and arranged to correspond directly with the numbered sections of this RFP, and all pages must be numbered. For Parts 1, 2 and 3 only, Proposers may provide a blanket acknowledgment and acceptance in lieu of a section-by-section response, unless a section requires a specific detailed answer from the Proposer. For Parts 4 and 6 only, Proposers shall provide a section-by-section response to the RFP. For Part 5, Proposers shall follow the instructions for completing and submitting an HSP.
- 2.8.5. If a Proposer is claiming any part(s) of its Proposal is confidential, the Proposer must provide a detailed response to Section 1.7 and mark the material as "Confidential".

- 2.8.10. In addition to the printed Proposal (if submitted in this format), the Proposer must also submit one copy of the entire Proposal, excluding the Cost Proposal, on a USB drive in a searchable and unprotected PDF file. If there is any disparity between the contents of the printed Proposal and the contents of the Proposal contained on the USB drive, the contents of the printed Proposal shall take precedence. The content on the USB drive or soft copy required herein will not be accepted in lieu of the signed original and copies as required in Section 2.8.1, except as otherwise allowed under this section.
- 2.8.11. Proposals that have been copyrighted, in whole or in part, by any Proposer are unacceptable and may be rejected as non-responsive.

The Letter of Transmittal must state that the Proposal is valid for one hundred and eighty (180) Days from the Day after the deadline for submitting Proposals. Any Proposal containing a term of less than one hundred and eighty (180) Days

for acceptance shall be rejected. The Letter of Transmittal must be signed by a person(s) legally authorized to bind the Proposer to the representations in the Proposal. The Proposer should also indicate, in its Letter of Transmittal, why it believes it is the most qualified Proposer to provide the goods and services required by the Texas Lottery in this RFP.

- 2.10.2. The Letter of Transmittal must include a statement of acceptance of the terms and conditions set forth in Part 3 of this RFP that will be included in the Contract. If the Proposer takes exception to any of the proposed terms and conditions, those exceptions must be noted in the Letter of Transmittal. Proposers shall provide specific and detailed reasons for each exception, together with suggested alternative language. Vague and general exceptions are not acceptable. ## **2.11. Executive Summary**

- 2.11.1. Proposers must provide an executive summary of their Proposal (excluding cost information) that asserts that the Proposer is providing, in its Proposal, all the requirements of this RFP. If the Proposer is providing goods or services beyond those specifically requested, those goods or services must be identified. If the Proposer is offering goods or services that do not meet the specific requirements of this RFP, but in the opinion of the Proposer are equivalent or superior to those specifically requested, any such differences must be noted in the Executive Summary. The Proposer should realize, however, that failure to provide the goods and services specifically requested may result in disqualification.
- 2.11.2. The Proposer must demonstrate its understanding of the requested goods and services and must address specifically, in writing, the Proposer's approach to providing each requirement in this RFP.
- 2.11.3. The Executive Summary must not exceed five (5) pages and should represent a full and concise summary of the contents of the Proposal.

## **2.12. Proposer's Contracting Authority**

The Proposer warrants and represents that the person named on the Proposer's Commitment (Attachment A) has the full right, power and is legally authorized to execute the Contract resulting from this RFP on behalf of the Proposer. Commitments must be unqualified, not limited, and fully commit the Proposer to provide the goods and services required under this RFP.

## **2.13. Proposer's Cost Proposal**

- 2.13.1. The Proposer must state its pricing for all goods and services rendered during the course of the proposed Contract, including any and all costs involved that are to be paid or reimbursed by the Texas Lottery. The pricing for the required goods and services is to be

presented only in the format set forth in Attachment G of the RFP. Pricing information shall include all costs associated with providing the required goods and services and must be submitted in a separate, sealed envelope clearly marked as such, attached to the original Proposal only for hand or overnight delivery submission or in a separate PDF clearly named as such for electronic submission. No reimbursement is available to the Successful Proposer beyond the amount agreed to be paid for the goods and services provided. Pricing agreed to in any resulting Contract shall be firm and remain constant through the life of the Contract unless amended pursuant to the terms of the Contract as described under Section 3.4 of the RFP.

- 2.13.2. The Proposer shall not disclose its Cost Proposal or other cost information in the body of its written Proposal. Including cost information in the written Proposal may be cause for disqualification.

## 2.14. Multiple Proposals

Each Proposer may submit only one (1) Proposal. If a Proposer submits more than one Proposal, all Proposals from that Proposer may be rejected.

## 2.15. Changes, Modifications and Cancellation

The Texas Lottery reserves the right to make changes to and/or cancel this RFP and will post all changes and modifications, whether made as a result of a potential Proposer's written inquiries or otherwise, and cancellation notices on the Electronic State Business Daily and the Texas Lottery websites. **It is the responsibility of the Proposer to check these websites for any additional information regarding this RFP. If the Proposer fails to monitor the ESBD and TLC websites for any changes or modifications to the RFP, such failure will not relieve the Proposer of its obligation to fulfill the requirements as posted.**

## 2.16. Updates to Information Supporting a Proposal

Following the submission of Proposals and prior to the signing of a Contract, the Proposer is under a continuing obligation to notify the Texas Lottery in writing of any updates or changes to information offered in support of its Proposal that might reasonably be expected to affect the Texas Lottery's consideration of the Proposal. Nothing in this section shall be interpreted to permit unilateral modification by a Proposer of its commitment to provide goods and services described in its Proposal as filed for the cost stated therein.

## 2.17. Additional Information

By submitting a Proposal, the Proposer grants the Executive Director the right to obtain any information from any lawful source regarding the past history, practices, conduct, ability and eligibility under the State Lottery Act of the Proposer to supply goods, services and to fulfill requirements under this RFP, and the past history, practices, conduct, ability and eligibility of any director, officer or key employee of the Proposer. By submitting a Proposal, the Proposer generally releases from liability and waives all claims against any party providing information about the Proposer at the request of the Executive Director. Such information may be taken into consideration in evaluating Proposals.

## 2.18. Proposal Evaluation and Contract Award

- 2.18.1. The Texas Lottery Commission intends to conduct a fair, comprehensive, and impartial evaluation of all Proposals received in response to this RFP using an evaluation committee. The evaluation committee will be selected by the Executive Director and may consist of Texas Lottery employees or outside individuals with expertise in particular areas. In addition, the Texas Lottery's General Counsel, other in-house legal counsel, and outside legal counsel may assist by advising the evaluation committee. Texas Lottery employees and consultants may also assist in the process as technical non-voting members of the evaluation committee.
- 2.18.2. Each member of the evaluation committee will independently score each Proposal responsive to this RFP. Evaluation committee members may seek, obtain and consider the opinions of other committee members or subject matter experts (including Texas Lottery staff, staff from other Texas agencies and consultants retained by the Texas Lottery) when evaluating and independently scoring particular areas of the Proposals.
- 2.18.3. The evaluation committee may request clarification of information or representations in a Proposal before completing the initial evaluation. Requests for clarification and responses to requests for clarification will be in writing and will become part of the evaluation record.
- 2.18.4. The procurement process will be conducted in accordance with 16 TAC §401.101.
- 2.18.5. At a minimum, the factors to be considered by the evaluation committee in evaluating Proposals shall include:
- (i) the proposer's price to provide the goods or services;
  - (ii) the probable quality of the offered goods or services;
  - (iii) The agency's evaluation of the likelihood of the proposal to produce the desired outcome for the agency, considering, among other criteria:

(I) the quality of the proposer's past performance in contracting with the agency, with other state entities, or with private sector entities;

(II) the qualifications of the proposer's personnel;

(III) the experience of the proposer in providing the requested goods or services;

(IV) the financial status of the proposer; and

(iv) whether the proposer performed the good faith effort required by the HUB subcontracting plan, when the agency has determined that subcontracting is probable.

The evaluation committee also may consider vendor performance reviews maintained by the Texas Comptroller of Public Accounts under Tex. Gov't Code §2262.055.

A copy of the scoring matrix is included as Attachment F.

2.18.6. A written notice of Contract Award will be posted on the ESBD and sent to all Proposers immediately following execution of the Contract.

## **2.19. Site Visits and/or Oral Presentations**

The Texas Lottery, in its sole discretion, reserves the right to conduct site visits and/or to require Proposers to make oral presentations prior to the Contract Award and may consider such presentations and visits when evaluating Proposals. Proposers will be notified in writing and will be provided with equal advance notification of site visits and/or oral presentation assignments and guidelines.

## **2.20. Protest Procedure**

Any protest shall be governed by Tex. Gov't Code §466.101 and 16 TAC §§ 401.102-103.

## **3. CONTRACTUAL TERMS AND CONDITIONS**

### **3.1. Introduction**

This part sets forth terms and conditions applicable to the procurement process as well as terms and conditions that will become part of the Contract. The Texas Lottery reserves the right to incorporate additional provisions in the Contract in the best interest of the Texas Lottery.

### **3.2. Governing Law and Venue**

The procurement process, the award procedure, and the Contract shall be governed by, construed and interpreted in accordance with the applicable laws of the State of Texas. Any and all actions or suits brought by a Proposer or any related party regarding this RFP or the Contract shall be brought in the state district court located in Austin, Travis County, Texas. By submitting a Proposal, a Proposer is deemed to waive the right to bring any action in any other court. This section is purely a venue provision and shall not be deemed a waiver of sovereign immunity.

### **3.3. Contract Elements**

- 3.3.1. The Contract between the Texas Lottery and the Successful Proposer will follow the general format specified by the Texas Lottery. The Texas Lottery reserves the right to negotiate provisions in addition to those stipulated in this RFP. The contents of this RFP, as modified by published addenda or amendments, and the Successful Proposer's Proposal, will be incorporated into the Contract. In the event of any conflict or contradiction between or among these documents, the documents shall control in the following order of precedence: the written Contract, the RFP, and the Successful Proposer's Proposal. Specific exceptions to this general rule may be noted in the Contract.
- 3.3.2. The Texas Lottery has determined that subcontracting opportunities are probable under this RFP. Therefore, the Texas Lottery requires the submission of an HSP as a part of each Proposal, as discussed further in Part 5 of this RFP. The HSP, if accepted by the Texas Lottery, will become a provision of the Contract.
- 3.3.3. If any term or provision of this RFP or the Contract is determined by a court of competent jurisdiction to be invalid, void or unenforceable, the remainder of the RFP or Contract shall remain in full force and effect and shall in no way be affected, impaired or invalidated.

### **3.4. Amendments**

The Contract may be amended only by written agreement signed by both parties.

### **3.5. Non-Waiver**

The failure of the Texas Lottery to object to, or to take affirmative action with respect to, any conduct of the Successful Proposer which is in violation or breach of the terms of the Contract shall not be construed as a waiver of the violation or breach, or of any future violation or breach. Nothing in this RFP, or the Contract, shall constitute or be construed as a waiver of any of the privileges, rights, defenses, remedies, or immunities available to the Texas Lottery Commission, as an agency of the State of Texas. The failure to enforce, or any delay in the enforcement, of any privileges, rights, defenses, remedies, or immunities available to the Texas Lottery Commission under this contract or under applicable law shall not constitute a waiver of such privileges, rights, defenses, remedies, or immunities, or be considered as a basis for estoppel.

### **3.6. Clarification of Texas Lottery's Intent**

It is the responsibility of the Successful Proposer to address and resolve all questions with the Texas Lottery's designated points of contact, and to achieve a clear understanding of all Texas Lottery requirements during each stage of the Contract term. The Texas Lottery will use reasonable efforts to provide timely responses to questions of policy or procedure as they may affect the Successful Proposer's performance. Key Texas Lottery staff will be available to the Successful Proposer on a reasonable basis, but may not be available on weekends, or State or national holidays, as defined in Tex. Gov't Code §662.003.

### **3.7. Relationship of the Parties**

The Successful Proposer and the Texas Lottery agree and understand that the Successful Proposer shall render the goods, services, and requirements under the Contract as an independent contractor, and nothing contained in the Contract will be construed to create or imply a joint venture, partnership, employer/employee relationship, principal agent relationship or any other relationship between the parties. Employees of the Successful Proposer will not be considered employees of the Texas Lottery within the meaning of any federal, state, or local law, ordinance, or regulation including, but not limited to, laws, ordinances, or regulations concerning unemployment insurance, social security benefits, workers compensation, or withholding requirements. The Successful Proposer shall be responsible for complying with any such laws, ordinances, or regulations, and shall indemnify and hold harmless the Texas Lottery from any costs or damages, including attorney's fees, sustained by the Texas Lottery resulting from the Successful Proposer's breach of its obligations under this section. The Texas Lottery will withhold indemnified losses from payments to the Successful Proposer, or, if no payments are made, the Texas Lottery will make demand of payment of indemnified losses. The

Successful Proposer must make payment within thirty (30) Days of the Texas Lottery's demand.

### 3.8. Payment

- 3.8.1. All payments will be made in accordance with Tex. Gov't Code ch. 2251. ("Payment for Goods and Services"). The Successful Proposer shall submit separate invoices monthly for the previous month's services. Each invoice shall note the contract number, services rendered and date of services. Invoices may be submitted by mail to the Texas Lottery Commission, P. O. Box 16630, Austin, Texas 78761-6630, Attn: Accounts Payable or by e-mail to [AccountsPayable@lottery.state.tx.us](mailto:AccountsPayable@lottery.state.tx.us). Email invoices are preferred. Payments will be made only upon the completion of services or after the delivery of goods authorized in an approved invoice.
- 3.8.2. Under Tex. Gov't Code §2251.025, interest is not due on a payment until it becomes "overdue." Gov't Code §2251.021. Services are "completed" when accepted by the Texas Lottery.
- 3.8.3. The Successful Proposer acknowledges that the State of Texas requires consistent, high-quality performance during the entire term of any Contract and during any transition to an alternate or successor provider. The Successful Proposer agrees that to ensure such consistent, high-quality performance, and an orderly transition to a new vendor, the Texas Lottery may withhold the last three (3) payments due during the last year of the Contract (the "Hold Back"). In the event that the Successful Proposer fully and completely performs all of its duties under the Contract, and a successful transition to an alternative provider is completed, then upon such completion the Texas Lottery shall pay the Hold Back to the Successful Proposer. In the event that the Successful Proposer fails to fully and completely perform all of its duties under the Contract, or the transition to an alternative vendor is unsuccessful, and such failure is proximately caused in whole or part by any act or omission of the Successful Proposer, the Texas Lottery shall be entitled to retain the Hold Back or such portion as the Executive Director deems equitable.
- 3.8.4. The Successful Proposer agrees that if the Texas Comptroller of Public Accounts is prohibited from issuing a warrant to the Successful Proposer under Tex. Gov't Code §403.055, any payments owed to the Successful Proposer under the Contract will be applied towards the debt or delinquent taxes that the Successful Proposer owes the State of Texas until the debt or delinquent taxes are paid in full.

### **3.9. Assignments**

- 3.9.1. No right or obligation of the Successful Proposer under the Contract may be assigned by the Successful Proposer without the prior written approval of the Texas Lottery, and in the event of any such approval, the terms and conditions hereof shall apply to and bind the party or parties to whom the right or obligation is assigned as fully and completely as the Successful Proposer is hereunder bound and obligated. No assignment shall operate to release the Successful Proposer from its liability for the timely and effective performance of its obligations hereunder. Assignments made in violation of this provision shall be null and void.
- 3.9.2. Subject to the limitations on assignment contained herein, the Contract shall inure to the benefit of, and be binding upon, the successors and assigns of the respective parties hereto.

### **3.10. Subcontracting**

- 3.10.1. If any part of the Contract between the Texas Lottery and the Successful Proposer is to be subcontracted, the Successful Proposer must obtain prior written approval from the Texas Lottery, and the Subcontractor must comply with all applicable requirements of the Texas Lottery. The Texas Lottery reserves the sole right to require the Successful Proposer to terminate any Subcontractor with or without cause.
- 3.10.2. In the event the Texas Lottery approves of the use of any Subcontractor under an approved HUB Subcontracting Plan in accordance with Part 5, the Successful Proposer is not relieved of its responsibility and obligation to meet all the requirements of this RFP.
- 3.10.3. The Texas Lottery will incur no additional obligations and the obligations of the Successful Proposer will not be reduced as a result of any such subcontracts.
- 3.10.4. The Successful Proposer agrees to indemnify and hold the Texas Lottery harmless from all claims and actions of the Successful Proposer's Subcontractors. The Texas Lottery will withhold indemnified losses from payments to the Successful Proposer, or, if no payments are made, the Texas Lottery will make demand of payment of indemnified losses. The Successful Proposer must make payment within thirty (30) Days of the Texas Lottery's demand.
- 3.10.5. The Successful Proposer's obligation to pay Subcontractors is governed by Tex. Gov't Code §2251.022 (Time for Payment by Vendor), as it may be amended.

### **3.11. Lottery Approval of Staffing**

- 3.11.1. The Successful Proposer shall not employ or contract with or permit the employment of unfit or unqualified persons or persons not skilled in the tasks assigned to them. The Successful Proposer shall at all times employ sufficient labor to carry out functions and services in the manner and time prescribed by the Contract. "Unfit" is defined as any person convicted of a felony, criminal fraud, gambling or gambling-related offense or a person

convicted of a misdemeanor involving moral turpitude whose sentence, parole, mandatory supervision or probation ended less than ten (10) years ago. (See Section 3.12.) The Successful Proposer shall be responsible to the Texas Lottery for the acts and omissions of the Successful Proposer's employees, agents (including, but not limited to, lobbyists) and Subcontractors and the Successful Proposer shall enforce strict discipline among the Successful Proposer's employees, agents (including, but not limited to, lobbyists) and Subcontractors performing the services under the Contract.

The Successful Proposer shall provide the Texas Lottery written notification and justification within three (3) Working Days of any personnel changes involving the Successful Proposer's key personnel assigned to the Texas Lottery account. The Successful Proposer shall provide the Texas Lottery with the resume of the person who is to be hired or placed on the Texas Lottery account and must receive written approval from the Texas Lottery prior to the person's working on the account.

The Texas Lottery Commission may also request background information for a spouse, child, brother, sister, or parent residing as a member of the same household in the principal place of residence of the Successful Proposer, any Successful Proposer Principals, or Successful Proposer employees described above. Such background investigations may include fingerprint identification by the Texas Department of Public Safety, the Federal Bureau of Investigation, and any other law enforcement agency. The Texas Lottery may terminate the Contract based solely upon the results of these background investigations. (See Attachment D-1.)

3.12.3. The Successful Proposer agrees that, during the term of the Contract and any renewal thereof, it shall be obligated to provide such information about any Successful Proposer

Principals, Successful Proposer employees, and Subcontractor Personnel as the Texas Lottery may prescribe. The Successful Proposer also agrees that the Texas Lottery may conduct background investigations of such persons.

- 3.12.4. Upon notification by the Texas Lottery to the Successful Proposer that the Texas Lottery objects to an employee based on the results of a background investigation, the Successful Proposer shall prevent that employee from working on the Texas Lottery account and shall deny that employee access to the Texas Lottery systems.

### **3.13. Compliance**

The Successful Proposer agrees to comply with all applicable laws, rules and regulations, including without limitation those involving non-discrimination on the basis of race, color, religion, national origin, age, sex and disability.

### **3.14. Term of Contract**

- 3.14.4. At the end of the Contract term, or upon earlier termination under any provision of this Contract, the Successful Proposer shall, in good faith and with reasonable cooperation, aid in the transition to any new arrangement and provider, if requested by the Texas Lottery.

### **3.15. Termination at Will**

The Texas Lottery, in its sole discretion, may terminate, in whole or in part, the Contract at will and without cause, upon no less than thirty (30) Days' advance written notice. The Texas Lottery also may terminate the Contract immediately with written notice if the Executive Director, in his or her sole judgment, believes that the integrity or security of the Texas Lottery is in jeopardy and it is in the best interest of the Texas Lottery to do so. The Texas Lottery's right to terminate for convenience the Contract is cumulative of all rights and remedies which exist now or in the future.

### 3.16. Termination for Cause

### **3.17. Termination Related to Availability of Legislative Appropriations**

All obligations of the Texas Lottery are subject to the availability of legislative appropriations, and are subject to statutory restrictions of the Texas Legislature and the Texas Constitution. The Successful Proposer acknowledges the ability of the Texas Lottery to make payments under the Contract is contingent upon the continued availability and authorization for expenditure of funds. The Successful Proposer further acknowledges funds may not be specifically appropriated for the Contract and the Texas Lottery's continual ability to make payments under the Contract is contingent upon the funding levels appropriated to the agency. The Texas Lottery will use all reasonable and lawful efforts to ensure funds are available. The Successful Proposer agrees if future levels of funding for the Texas Lottery are not sufficient to continue operations without operational reductions, the Texas Lottery, in its sole discretion, may terminate the Contract, either in whole or in part. In the event of such termination, the Texas Lottery will not be considered to be in default or breach under the Contract, nor shall it be liable for any damages or other amounts caused by or associated with such termination. The Texas Lottery shall make reasonable best efforts to provide advance written notice of Contract termination to the Successful Proposer. In the event of termination, the Successful Proposer shall, unless otherwise mutually agreed upon in writing, cease all work immediately. The Texas Lottery shall be liable for payments limited only to the portion of work the agency authorized in writing before the termination date that the Successful Proposer has completed, delivered to the agency, and that is accepted by the agency.

### **3.18. Termination Without Penalty**

Under Tex. Gov't Code §466.014(c), the Executive Director is permitted to terminate the Contract, without penalty, if an investigation reveals that the Successful Proposer would not be eligible for a sales agent license under Tex. Gov't Code §466.155. (See Attachments D and D-1)

### 3.19. No Liability Upon Termination

If the Contract is terminated for any reason, the Texas Lottery and the State of Texas shall not be liable to the Successful Proposer for any damages, losses, financial obligations, breach of contract, or any other claims or amounts arising from or related to any such termination. However, the Successful Proposer may be entitled to the remedies provided in Tex. Gov't Code ch. 2260.

### 3.20. Warranties

The Texas Lottery will use reasonable efforts not to disrupt the normal business operations of the Successful Proposer (or Subcontractor, as applicable) during site visits announced or unannounced.

### 3.23. Intellectual Property Rights

3.23.1. *Ownership.* As between the Successful Proposer and the Texas Lottery, the Works and Intellectual Property Rights in the Works are and shall be owned exclusively by the Texas Lottery, and not the Successful Proposer. The Successful Proposer specifically agrees that all Works shall be considered “works made for hire” and that the Works shall, upon creation, be owned exclusively by the Texas Lottery. To the extent that the Works, under applicable law, may not be considered works made for hire, the Successful Proposer hereby agrees that the Contract transfers, grants, conveys, assigns, and relinquishes exclusively to the Texas Lottery all right, title and interest in and to the Works, and all Intellectual Property Rights in the Works, without the necessity of any further consideration, and the Texas Lottery shall be entitled to obtain and hold in its own name all Intellectual Property Rights in and to the Works, subject to any exceptions with respect to pre-existing or third party rights as set forth below.

3.23.2. *Ownership of Prior Rights by the Texas Lottery.* All property and tangible or intangible items, including the Intellectual Property Rights therein, that were created, developed or owned by the Texas Lottery prior to the issuance of this RFP or execution of the Contract (e.g., copyrights, trademarks, etc.) shall continue to be exclusively owned by the Texas Lottery, and the Successful Proposer shall have no ownership thereof, and no rights thereto, other than the limited, non-exclusive right to use such property or tangible and intangible

items solely for the purposes set forth in this RFP or the Contract, if any, and only for the duration of such Contract.

3.23.3. *Ownership of Prior Rights by the Successful Proposer.* All property and tangible or intangible items, including the Intellectual Property Rights therein, that were created, developed or owned by the Successful Proposer prior to the issuance of this RFP shall continue to be exclusively owned by the Successful Proposer, and the Texas Lottery shall have no ownership thereof, and no rights thereto, other than the limited, non-exclusive right to use such property or tangible or intangible items solely for the purposes set forth in this RFP or the Contract. All intellectual property relating to the goods and/or services set forth herein or under the Contract, including the Intellectual Property Rights in those goods and/or services, that was created, developed or licensed by the Successful Proposer prior to the issuance of this RFP or the execution of the Contract, or during the term of the Contract, to the extent such intellectual property is not considered "Works" as defined above, shall be, and is, licensed to the Texas Lottery on a non-exclusive, perpetual, irrevocable, royalty-free, worldwide basis, to allow the Texas Lottery or its designees to provide, and continue to provide, the goods and services set forth herein or under the Contract, including after the expiration or termination of the Contract.

3.23.4. *Further Actions.* The Successful Proposer, upon request and without further consideration, shall perform any acts that may be deemed necessary or desirable by the Texas Lottery to evidence more fully the transfer of ownership of all Works to the Texas Lottery to the fullest extent possible, including but not limited to the execution, acknowledgement and delivery of such further documents in a form determined by the Texas Lottery. In the event the Texas Lottery shall be unable for any reason to obtain the Successful Proposer's signature on any document necessary for any purpose set forth in the foregoing sentence, the Successful Proposer hereby irrevocably designates and appoints the Texas Lottery and its duly authorized officers and agents as the Successful Proposer's agent and the Successful Proposer's attorney-in-fact to act for and in the Successful Proposer's behalf and stead to execute and file any such document and to do all other lawfully permitted acts to further any such purpose with the same force and effect as if executed and delivered by the Successful Proposer.

3.23.5. *Waiver of Moral Rights.* The Successful Proposer hereby irrevocably and forever waives, and agrees never to assert, any Moral Rights in or to the Works which the Successful Proposer may now have or which may accrue to the Successful Proposer's benefit under U.S. or foreign copyright laws and any and all other residual rights and benefits which arise under any other applicable law now in force or hereafter enacted. The term "Moral Rights" shall mean any and all rights of paternity or integrity of the Works, the right to object to any modification, translation or use of the Works, any automatic reversion or right to demand a reversion of ownership of the Works or Intellectual Property Rights therein from the Texas Lottery to the Successful Proposer, and any similar rights existing under the judicial or statutory law of any country in the world or under any treaty, regardless of whether or not such right is denominated or referred to as a moral right.

- 3.23.6. *Confidentiality*. All Works and all materials forwarded to the Successful Proposer by the Texas Lottery for use in and preparation of the Works, shall be deemed the confidential information of the Texas Lottery, and the Successful Proposer shall not use, disclose, or permit any person to use or obtain the Works, or any portion thereof, in any manner without the prior written approval of the Texas Lottery.
- 3.23.7. *Injunctive Relief*. The RFP and the Contract are intended to protect the Texas Lottery's proprietary rights pertaining to the Works, and the Intellectual Property Rights therein, and any misuse of such rights would cause substantial and irreparable harm to the Texas Lottery's business. Therefore, the Successful Proposer acknowledges and stipulates that a court of competent jurisdiction should immediately enjoin any material breach of the intellectual property, licensing, and confidentiality provisions of the RFP or Contract, upon a request by the Texas Lottery, without requiring a bond or proof of irreparable injury as same should be presumed.
- 3.23.8. *Return of Works*. Upon the request of the Texas Lottery, but in any event upon expiration or termination of the Contract, the Successful Proposer shall surrender to the Texas Lottery all documents and things pertaining to the Works, including but not limited to drafts, memoranda, notes, records, drawings, manuals, computer software, reports, data, and all other documents or materials (and copies of same) generated or developed by the Successful Proposer or furnished by the Texas Lottery to the Successful Proposer, including all materials embodying the Works, any Texas Lottery confidential information, or Intellectual Property Rights, regardless of whether complete or incomplete. This section is intended to apply to all Works made or compiled by the Successful Proposer, as well as to all documents and things furnished to the Successful Proposer by the Texas Lottery or by anyone else that pertains to the Works.
- 3.23.9. *Successful Proposer's Name or Logo*. The Successful Proposer shall not affix its company name, label, logo, or any other similar identifying information to, or assert its copyright on any products, equipment or any other goods provided under the Contract.

## 3.24. Pre-Existing and Third-Party Rights

- 3.24.1. To the extent that any pre-existing rights and/or third-party rights or limitations are embodied, contained, reserved or reflected in the Works, the Successful Proposer shall either (a) grant to the Texas Lottery the irrevocable, perpetual, non-exclusive, worldwide, royalty-free right and license to (i) use, execute, reproduce, display, perform, distribute copies of, and prepare derivative works based upon such pre-existing rights and any derivative works thereof in connection with the sale, offering for sale, marketing, advertising, and promotion of the Texas Lottery's goods and services, and in all forms of media, media channels and/or publicity that may now exist or hereafter be created or developed, including but not limited to television, radio, print, Internet, and social media (e.g., Facebook, Twitter, YouTube, etc.) and (ii) authorize others to do any or all of the foregoing, or (b) where the obtaining of the aforementioned rights is not reasonably practical or feasible, provide written notice to the Texas Lottery of the use of materials containing such pre-existing or third party rights or

limitations, request the Texas Lottery's approval of such pre-existing or third party rights, obtain a limited right and license to use such pre-existing or third party rights on such terms as may be reasonably negotiated, and obtain the Texas Lottery's written approval of such pre-existing or third party rights and the limited use of same. The Successful Proposer shall provide the Texas Lottery with documentation indicating a third party's written approval for the Successful Proposer to use any pre-existing or third-party rights that may be embodied, contained, reserved or reflected in the Works. The Successful Proposer shall indemnify, defend and hold the Texas Lottery harmless from and against any and all claims, demands, regulatory proceedings and/or causes of action, and all losses, damages, and costs (including attorneys' fees and settlement costs) arising from or relating to, directly or indirectly, any claim or assertion by any third party that the Works infringe any third-party rights. The foregoing indemnity obligation shall not apply to instances in which the Texas Lottery either (y) exceeded the scope of the limited license that was previously obtained by the Successful Proposer and agreed to by the Texas Lottery, or (z) obtained information or materials, independent of the Successful Proposer's involvement or creation, and provided such information or materials to the Successful Proposer for inclusion in the Works, and such information or materials were included by the Successful Proposer, in an unaltered and unmodified fashion, in the Works.

- 3.24.2. The Successful Proposer agrees that it shall have and maintain, during performance of the Contract, written agreements with all employees, Subcontractors, or agents engaged by the Successful Proposer in performance hereunder, granting the Successful Proposer rights sufficient to support all performance and grants of rights by the Successful Proposer. Copies of such agreements shall be provided to the Texas Lottery promptly upon request.

### **3.25. Remediation**

If the Works or the Intellectual Property Rights therein become the subject of a lawsuit or claim of infringement, or the Successful Proposer becomes aware that such items are likely to become the subject of a lawsuit or claim of infringement, the Successful Proposer shall exercise one (1) of the following two (2) options in order to provide the Texas Lottery with continued and uninterrupted use of the Works and Intellectual Property Rights therein: (a) obtain for the Texas Lottery the right to continue the use of the alleged infringing Works at no additional cost to the Texas Lottery, or (b) obtain alternative, substitute or new Works for the allegedly infringing Works, which are of equivalent or superior quality to the allegedly infringing Works, at no additional cost to the Texas Lottery, and subject to the acceptance of the Texas Lottery in its sole discretion.

### **3.26. Accounting Records**

and regulations of the State of Texas, including, but not limited to, requirements of the Texas Comptroller of Public Accounts and the Texas State Auditor. These records shall be available to the Texas Lottery, its internal auditors or external auditors (and other designees) and the Texas State Auditor at all times during the Contract period and for a period of seven (7) full years after (i) the expiration date of the Contract, or (ii) final payment under the Contract, whichever is later.

### 3.27. Right to Audit

The Successful Proposer understands that acceptance of state funds under this Contract acts as acceptance of the authority of the State Auditor's Office to conduct an audit or investigation in connection with those funds. The Successful Proposer further agrees to cooperate fully with the State Auditor's Office in the conduct of the audit or investigation, including providing all records requested. The Successful Proposer will ensure that this clause concerning the State Auditor's Office's authority to audit state funds and the requirement to cooperate fully with the State Auditor's Office is included in any subcontracts it awards. Additionally, the State Auditor's Office shall at any time have access to and the rights to examine, audit, excerpt, and transcribe any pertinent books, documents, audit documentation, and records of the Successful Proposer relating to this Contract for any purpose.

## 4.7. Background Investigations

4.7.1. **Vendor Background Investigation.** Under Tex. The Apparent Successful Proposer also agrees that the Texas Lottery may conduct background investigations of such persons. The Texas Lottery may reject a Proposal and/or terminate the Contract based solely upon the Apparent Successful Proposer's failure to provide information to complete a background investigation or the results of these background investigations.

**4.7.2. Contractually Defined Vendor Principal(s) Background Investigation.** The Texas Lottery may initiate background investigations on the Apparent Successful Proposer Principals who will be directly involved in selling or leasing the goods or performing the services that are the subject of this RFP or the Contract. This includes any oversight function performed by such individuals. For purposes of this section, these individuals are called “contractually defined vendor principals.”

**4.7.3. Vendor Employee Background Investigations.** The Successful Proposer agrees that, during the term of the Contract and any extension thereof, it shall be obligated to provide such information about any principals, employees, and Subcontractor Personnel as the Texas Lottery may prescribe. Tex. Gov’t Code §2252.908 states that a governmental entity or state agency may not enter into certain contracts with a business entity unless the business entity submits a disclosure of interested parties (Form 1295) to the governmental entity or state agency at the time the business entity submits the signed contract to the governmental entity or state agency. The Texas Ethics Commission has adopted rules requiring the business entity to file Form 1295 electronically with the Ethics Commission (See <https://www.ethics.state.tx.us/rules/commission/ch46.php>). If requested by the Texas Lottery, the Apparent Successful Proposer may be required to complete and file the Form 1295 with the Ethics Commission after the written Announcement of the Apparent Successful Proposer is issued and prior to contract execution.

## 5. HISTORICALLY UNDERUTILIZED BUSINESS (HUB) PARTICIPATION

### 5.1. HUB Requirement

The Texas Lottery has adopted the rules promulgated by the Comptroller of Public Accounts (CPA) regarding Historically Underutilized Businesses (HUBs) in 34 Texas Administrative Code (TAC) §§ 20.281 – 20.298 (See [http://texreg.sos.state.tx.us/public/readtac\\$ext.ViewTAC?tac\\_view=5&ti=34&pt=1&ch=20&sch=D&div=1&rl=Y](http://texreg.sos.state.tx.us/public/readtac$ext.ViewTAC?tac_view=5&ti=34&pt=1&ch=20&sch=D&div=1&rl=Y)). By submitting a Proposal, the Proposer certifies that it has reviewed 34 TAC §§ 20.281 - 20.298. Rule 20.285 addresses the specific requirements of Historically Underutilized Business subcontracting plans (HSPs).

### 5.2. HSP Submission and Texas Lottery Review

5.2.1. All proposals must include an HSP (Attachment C, including Method A or B, if applicable) in the format required by the CPA. Proposers may access the HSP forms on-line at the following CPA website link: <https://www.comptroller.texas.gov/purchasing/vendor/hub/forms.php>. The forms must be printed, signed and submitted with your Proposal. The HSP is a pass/fail requirement. PROPOSALS THAT DO NOT INCLUDE A COMPLETED HUB SUBCONTRACTING PLAN PREPARED IN ACCORDANCE WITH 34 TAC §20.285 SHALL BE REJECTED AND WILL NOT BE EVALUATED.

5.2.2. The HSP form is provided in Attachment C of this RFP. To determine whether a Proposer has performed a good faith effort in preparing its HSP as required by the CPA's HUB rules, the Texas Lottery may request clarifications, if necessary. The HSP will be reviewed based on the Proposer's submission and any clarifications requested by the agency.

### 5.3. Assistance for Preparation of HSP

5.3.1. *Pre-Proposal Conference*. Proposers are encouraged to attend the pre-Proposal conference, which will include a brief overview of the HSP requirements. Proposers may ask questions at the pre-Proposal conference regarding the HSP. A copy of the TLC's Pre-Bid/Proposal Conference Booklet regarding HSP requirements is available on the agency's website at:

[http://www.texaslottery.com/export/sites/lottery/About\\_Us/Doing\\_Business\\_with\\_TLC/Procurement/](http://www.texaslottery.com/export/sites/lottery/About_Us/Doing_Business_with_TLC/Procurement/) Proposers should review the HSP booklet thoroughly to ensure they fill out and submit all forms correctly.

Subcontracting Opportunity Notification Form (Attachment C-2). Attachment C-1 is intended to assist Proposers in preparing the HSP forms, but is not required to be submitted with Proposals. Proposers are encouraged to use Attachment C-2 when sending notice of subcontracting opportunities.

**5.3.3. Additional TLC Assistance.** As stated above, if an HSP is rejected, the Proposal will be disqualified and will not be considered. **Therefore, Proposers are strongly encouraged to start preparing HSP forms as soon as possible and take advantage of the following TLC assistance. Please note there are deadlines associated with this process and Proposers have a limited amount of time to cure any deficiencies.**

- Written questions regarding the HSP can be submitted at any time up until the Proposal deadline. The TLC will compile and post a separate HSP question-and-answer document on the TLC website. The document will be updated as questions are submitted. It is the Proposer's responsibility to check the TLC website for this information.
- The TLC will conduct one-on-one HSP workshops with Proposers upon request. The workshops will cover detailed information on how to complete the HSP forms. Workshops must be concluded by the date and time listed in the Schedule of Events. Workshops due to gathering restrictions may be conducted via Zoom, TEAMS or telephone conference. Proposers are responsible for contacting the Texas Lottery to schedule a workshop during the specified time period. Proposers may schedule workshops up until the final date listed in the Schedule of Events.
- The TLC will review and provide individual written feedback on draft HSP forms submitted by Proposers. Draft HSP forms must be submitted by the date and time listed in the Schedule of Events. Upon request, the TLC may also provide verbal feedback.

Note that "draft HSP forms" consist only of the forms included in Attachments C, and C-2 of the RFP and documentation related to performance of the good faith effort. In reviewing draft forms, the TLC will not comment on responses to any other sections of the RFP, even if they are referred to in the HSP forms. Proposers are instructed not to submit any other portions of their Proposal to the TLC as part of the draft HSP.

One-on-one workshops and the TLC's review of draft HSP forms do not guarantee that the HSP submitted with the Proposal will pass.

## **5.4. Requirements for Completing the HSP Forms**

Gov't Code §2161.252(b).

- **Method A (2): Meeting the Specified HUB Contract Goal.** Proposer will use a combination of Texas-certified HUBs and Non-HUB vendors for the identified subcontracting opportunities, however, the specified HUB contract goal can only be met by the subcontracting opportunities awarded to the Texas-certified HUB vendors with whom the Proposer has contracted for five years or less.
- **Method B: Good Faith Effort Outreach.** Proposer will perform good faith effort outreach for each identified subcontracting opportunity by contacting at least three Texas-certified HUBs and two trade organizations or development centers that serve members of the HUB groups. **Proposers using this method must perform the outreach even for areas where a Proposer has a pre-existing subcontracting relationship.**

**PROPOSERS WHO INTEND TO SUBCONTRACT, AT A MINIMUM, MUST USE ONE OF THE METHODS OUTLINED ABOVE. FAILURE TO DO SO WILL RESULT IN DISQUALIFICATION.**

#### 5.4.4. Proposer Does Not Intend to Subcontract

Proposers who intend to fulfill the entire Contract using only their own existing resources and employees, without subcontracting, should check the appropriate box in Section 2 of the HSP form and complete Sections 3 and 4 of the form.

The Proposer must explain how all functions of the Contract will be performed without the use of Subcontractors and should refer to Section 3 of the HSP form.

## 6. SCOPE OF SERVICES

This section defines the scope of the services to be performed by the Successful Proposer as part of this RFP for Website Hosting Services.

### 6.1. Background

6.1.1. The Successful Proposer shall provide, support, and maintain website hosting infrastructure for the TLC's production, test and development web environments. Support and maintenance for the infrastructure includes the services required to operate high-traffic and highly secure websites, such as, but not limited to, network administration, systems administration, and 24x7 application monitoring. The Successful Proposer shall coordinate with the TLC staff and provide transition services necessary to migrate from the existing web environment onto the environments provided by the Successful Proposer.

6.1.2. A Technical Architecture document for the TLC's current web environment will be made available to potential proposers who provide a signed NDS (Attachment J) as required by Section 2.5 of this RFP.

6.1.3. The agency's public web environment provides more than 17,000 pages of information using three databases, a content management system and approximately 1,825 gigabytes of file system space. As of December 2022, the website received more than 82 million visits a year; 37.3 million of those are unique visits. Traffic to the site spikes dramatically throughout each day, particularly around the time of the lottery draws that take place four (4) times a day Monday through Saturday, with frequent refreshing of web pages. During the most extreme peak traffic times, when lottery game jackpots and ticket sales are at their highest, the website can receive more than 38,000 requests per second.

6.1.4. The TLC's public web environment is composed of four primary websites designed to provide information to users in the following groups: those interested in the Texas Lottery, those interested in Texas Charitable Bingo, Charitable Bingo licensees, Texas Lottery winner claimants and agency staff. The agency's websites are:

<http://www.texaslottery.com/> (website for public interested in lottery)

<http://www.txbingo.org> (website for public interested in bingo)

<https://bsc.txbingo.org/bsp> (OLTP web application for authorized bingo licensees)

<https://apps.texaslottery.com> (web applications for Texas Lottery claimants and for internal staff)

The two websites ([www.txbingo.org](http://www.txbingo.org) and [www.texaslottery.com](http://www.texaslottery.com)) are publicly available and comprised mostly of static web pages exported by a content management system. Two additional sub-sites ([bsc.txbingo.org/bsp](https://bsc.txbingo.org/bsp) and [apps.texaslottery.com](https://apps.texaslottery.com)) run specific

applications. The first site ([bsc.txbingo.org/bsp](http://bsc.txbingo.org/bsp)) requires authentication to access, is available only to authorized bingo licensees, and is an interactive online transaction processing (OLTP) system. The second site ([apps.texaslottery.com](http://apps.texaslottery.com)) provides an interactive claim form for Texas Lottery prize claimants or requires an Information Service Request (ISR) application-generated session token for use by internal staff.

6.1.5. The OLTP ([bsc.txbingo.org/bsp](http://bsc.txbingo.org/bsp)) and web application sites ([apps.texaslottery.com](http://apps.texaslottery.com)), are designed specifically for use by authorized bingo licensees, Lottery claimants, and agency staff; and, these sites see much less traffic than the websites designed for use by the general public. The web application sites average about 20,000 and 6,000 requests per day, respectively, with daily peaks of 71,000 and 57,000 total requests.

6.1.6. TLC's web environments include four (4) test and development websites in order to facilitate the maintenance of the public access websites as well as to perform user support, content management and development services. These test and development websites are only accessible to agency staff and support personnel. The websites are organized similarly to the production websites. **HUB SUBCONTRACTING PLAN**

# HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

**NOTE:** Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- **11.2 percent for heavy construction other than building contracts,**
- **21.1 percent for all building construction, including general contractors and operative builders' contracts,**
- **32.9 percent for all special trade construction contracts,**
- **23.7 percent for professional services contracts,**
- **26.0 percent for all other services contracts, and**
- **21.1 percent for commodities contracts.**

## - - Agency Special Instructions/Additional Requirements - -

*In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent **does not** have a **continuous contract\*** in place for **more than five (5) years** shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.*

If you responded "No" to SECTION 2, Item a, in the space provided below **explain how** your company will perform the entire contract with its own employees, supplies, materials and/or equipment.

#### **SECTION 4: AFFIRMATION**

As evidenced by my signature below, I affirm that I am an authorized representative of the respondent listed in SECTION 1, and that the information and supporting documentation submitted with the HSP is true and correct. Respondent understands and agrees that, if awarded any portion of the requisition:

- The respondent will provide notice as soon as practical to all the subcontractors (HUBs and Non-HUBs) of their selection as a subcontractor for the awarded contract. The notice must specify at a minimum the contracting agency's name and its point of contact for the contract, the contract award number, the subcontracting opportunity they (the subcontractor) will perform, the approximate dollar value of the subcontracting opportunity and the expected percentage of the total contract that the subcontracting opportunity represents. A copy of the notice required by this section must also be provided to the contracting agency's point of contact for the contract no later than ten (10) working days after the contract is awarded.
- The respondent must submit monthly compliance reports (Prime Contractor Progress Assessment Report – PAR) to the contracting agency, verifying its compliance with the HSP, including the use of and expenditures made to its subcontractors (HUBs and Non-HUBs). (The PAR is available at <https://www.comptroller.texas.gov/purchasing/docs/hub-forms/ProgressAssessmentReportForm.xls>).
- The respondent must seek approval from the contracting agency prior to making any modifications to its HSP, including the hiring of additional or different subcontractors and the termination of a subcontractor the respondent identified in its HSP. If the HSP is modified without the contracting agency's prior approval, respondent may be subject to any and all enforcement remedies available under the contract or otherwise available by law, up to and including debarment from all state contracting.
- The respondent must, upon request, allow the contracting agency to perform on-site reviews of the company's headquarters and/or work-site where services are being performed and must provide documentation regarding staffing and other resources.

## SECTION B-3: NOTIFICATION OF SUBCONTRACTING OPPORTUNITY

When completing this section you **MUST** comply with items **a, b, c and d**, thereby demonstrating your Good Faith Effort of having notified Texas certified HUBs and trade organizations or development centers about the subcontracting opportunity you listed in SECTION B-1. Your notice should include the scope of work, information regarding the location to review plans and specifications, bonding and insurance requirements, required qualifications, and identify a contact person. Retain supporting documentation (i.e., certified letter, fax, e-mail) demonstrating evidence of your good faith effort to notify the Texas certified HUBs and trade organizations or development centers. Also, be mindful that a working day is considered a normal business day of a state agency, not including weekends, federal or state holidays, or days the agency is declared closed by its executive officer. The initial day the subcontracting opportunity notice is sent/provided to the HUBs and to the trade organizations or development centers is considered to be “day zero” and does not count as one of the seven (7) working days.

- a.** Provide written notification of the subcontracting opportunity you listed in SECTION B-1, to three (3) or more Texas certified HUBs. Unless the contracting agency specified a different time period, you must allow the HUBs at least seven (7) working days to respond to the notice prior to you submitting your bid response to the contracting agency. When searching for Texas certified HUBs and verifying their HUB status, ensure that you use the State of Texas’ Centralized Master Bidders List (CMBL) - Historically Underutilized Business (HUB) Directory Search located at <http://mycpa.cpa.state.tx.us/tpasscmbldsearch/index.jsp>. HUB status code “A” signifies that the company is a Texas certified HUB.
- b.** List the **three (3) Texas certified HUBs** you notified regarding the subcontracting opportunity you listed in SECTION B-1. Include the company’s Texas Vendor Identification (VID) Number, the date you sent notice to that company, and indicate whether it was responsive or non-responsive to your subcontracting opportunity notice.

Unless the contracting agency specified a different time period, you must provide your subcontracting opportunity notice to trade organizations or development centers at least seven (7) working days prior to submitting your bid response to the contracting agency. A list of trade organizations and development centers that have expressed an interest in receiving notices of subcontracting opportunities is available on the Statewide HUB Program’s webpage at <https://www.comptroller.texas.gov/purchasing/vendor/hub/resources.php>.

## Using the Centralized Master Bidders List – HUB Directory to Locate Historically Underutilized Businesses (HUBs)

### General Information

As part of the good faith effort outreach process (Method B), Bidders/Proposers are responsible for utilizing the Centralized Master Bidders List (CMBL) - HUB Directory to locate potential HUB subcontractors. The list is maintained by the Texas Comptroller of Public Accounts (CPA). Bidders/Proposers using Methods A (1) or A (2) should use the database to verify the HUB status of all subcontractors listed/notified in their HSP. The Texas Lottery Commission does not endorse, recommend or attest to the capabilities of any company or individual listed.

The database may be accessed via the internet at:

<https://mycpa.cpa.state.tx.us/tpasscmbsearch/tpasscmbsearch.do>

The CMBL - HUB Directory is a “live” database that is updated on a continuous basis. **NOTE: Vendors who are currently HUB certified will have a HUB status of “A- Active” when viewed in the Detail List format. When viewing a vendor’s complete profile, a certified HUB will show a HUB status of “Active Bidder (A – Approved; Active Texas certified HUB).” All other HUB status codes indicate that a vendor is either inactive or not a HUB.** Be sure to list or solicit only HUB vendors who are certified at the time that you are preparing the HSP.

When using Method B, you must also access the following list on the CPA website to locate at least two trade organizations or development centers that serve members of the HUB groups, in order to notify them of each identified subcontracting opportunity:

<https://comptroller.texas.gov/purchasing/vendor/hub/resources.php>

These entities have expressed their willingness to accept notices of subcontracting opportunities from vendors to distribute to their members.

The following pages contain general information to assist Bidders/Proposers in using the CPA database.

# Using the Centralized Master Bidders List (CMBL) – HUB Directory to Locate Historically Underutilized Businesses (HUBs)

## Instructions

### I. Introduction

This guide is designed to assist you in accessing and using the CMBL – HUB Directory to locate HUB vendors who can provide specific goods or services and/or to verify HUB status. Note that you can view additional information by clicking on the “help” link displayed in the upper right hand corner of the CMBL – HUB Directory search screen.

### II. Access the CMBL – HUB Directory via the internet:

<https://mycpa.cpa.state.tx.us/tpasscmbsearch/tpasscmbsearch.do>

### CMBL – HUB Directory Search Screen

Use the various search selection criteria to create lists of potential vendors as well as retrieve specific vendor information. The “help” sections below explain the search criteria options.

After selecting desired search criteria, click on the “**Search**” button to begin the search.

Clicking on the “**Clear Search**” button will remove all information you have entered or selected, and thereby defaulting back to the original settings.

### Specific vendor data options

Use the following optional fields to refine vendor-specific search results:

<b>“Search For” - This feature is used to specify whether you want to search for vendors who are registered on the CMBL, and/or vendors who are a Texas certified HUB.</b>	
<b>CMBL Only</b>	Search results will consist of active vendors who are registered on the CMBL regardless of whether they are a Texas certified HUB. This result will include both HUB and non-HUB vendors.  <b>NOTE: Only those vendors marked with a HUB status of “A-Active” are currently certified.</b>
<b>HUBs Only</b>	Search results will consist of <b>Active</b> vendors who are a Texas certified HUB, regardless of whether they are registered on the CMBL.
<b>HUBs on CMBL</b>	Search results will consist of <b>Active</b> vendors who are a Texas certified HUB registered on the CMBL.
<b>All Vendors</b>	Search results will consist of <b>Active</b> vendors that are registered on the CMBL, and active vendors who are a Texas certified HUB. This result will include both HUBs and non-HUB vendors.

Note that the check list in the “Select Fields for Output” box allows the user to customize the information that will be displayed in the search results. You may check as many or as few fields as appropriate. These selections will not work with the following two output options: 1) all contact information, or 2) two column mailing labels, because these options have a pre-determined format.

<b>“Output” Options</b>	
The user can determine output format by selecting the appropriate option from the drop down menu located next to the words “Output as” at the bottom of the search screen.	
<b>Detail List</b>	Produces a list of summary information for each vendor that meets the search criteria. Clicking on the links to either a vendor name or vendor ID will provide more detailed information, including a list of the commodity classes and items that the vendor has associated with their profile.
<b>All Contact Information</b>	Produces a profile box that displays complete contact information for each vendor, including address, phone, fax, contact name, and a business description.
<b>Excel Spreadsheet</b>	Generates a list in an Excel spreadsheet (this option will only work if the list is 1,000 vendors or less).
Other available options are: downloading to a text file (Max 1000 vendors), producing a comma or Pipe ( ) Delimited List, or generating two column mailing labels.	

<b>“Sort by” Options</b>
The user can sort by Vendor Name, Vendor ID, City, Zip Code, HUB Eligibility/HUB Gender, or HUB Status, by selecting the appropriate option from the drop down menu next to the words “Sort by” at the bottom of the search screen.

### III. Using the “Single Vendor Search” to Locate a Specific Vendor

<b>“Single Vendor Search” - This feature may be used to narrow your search to a specific vendor.</b>	
<b>Vendor ID (VID) Number</b>	Enter at a minimum, the first 10-digits of the company’s 13-digit VID Number you are searching for. Example: 199999999900. Search results will consist of vendor profiles matching the VID Number you entered based on the “Search For” criteria you selected.
<b>Vendor Number</b>	Enter the 5 or 6-digit Vendor Number of the company you are searching for. Example: 99999 or 999999. Search results will provide the vendor profile matching the Vendor Number you entered based on the “Search For” criteria you selected.
<b>Vendor Name</b>	Enter a portion of the company’s name you are searching for. Example: ABC Logistics Company. In the example given, it is recommended that you enter “Logistics” because “ABC” may have spaces or periods between them. The search results will provide the vendor profiles that have a company name containing “Logistics” based on the “Search For” criteria you selected.
<b>Include Inactive Vendors</b>	This feature can be used to include inactive vendor profiles to the search results based on the “Search For” criteria you selected, and the VID Number, or Vendor Number or Vendor Name you entered.

### IV. Using the “Multiple Vendor Search” to Generate a List of HUB Vendors

<b>“Multiple Vendor Search” - This feature can be used to narrow your search to vendors who can provide goods and/or services based on the National Institute of Governmental Purchasing codes they have identified in their company’s CMBL/HUB vendor profiles.</b>	
<b>NIGP Class Code</b>	NIGP Class Codes are 3-digit numbers that represent a general description of the goods or services vendors may provide. As referenced in the NIGP Commodity Code Book, the general description for 3-digit Class Code “005” is “Abrasives” whereas the general description for 3-digit Class Code “010” is “Acoustical Tile, Insulating Materials, and Supplies.”
<b>Items</b>	Item codes are 2-digit numbers that represent a more defined description of the goods or services vendors can offer. As referenced in the NIGP Commodity Code Book, the 2-digit Item code “05” represents “Abrasive Equipment and Tools” within Class Code “005” whereas the 2-digit Item code “14” represents “Abrasives, Coated: Cloth, Fiber, Sandpaper, etc.” within Class Code “005.” Note: You must use a comma to separate multiple Item codes. Example: Item = 05,14,21
<b>Highway District(s)</b>	The State of Texas is divided into 25 <a href="#">Highway Districts</a> which include designated counties. Vendors specify within their CMBL/HUB vendor profiles the highway districts to which they can provide their goods and services. Note: You must use a comma to separate multiple Highway District codes. Example: 01,03,22

For more information about using NIGP commodity codes, please refer to Section VII of this document.

Step	Action
1.	Select a search option. You may use either “HUBs Only” or “HUBs on the CMBL.”
2.	Select the desired format from the drop down menu next to the words “Output as” in the “Output Options” box. If you would like to customize the information that will be displayed, check the appropriate fields in the “Select Fields for Output” box.
3.	Select the desired sort option from the drop down menu next to the words “Sort by” in the “Output Options” box.
4.	In the “Multiple Vendor Search” box, enter the appropriate class and item codes into the field labeled “Selection 1” in the. You may enter up to three class codes to produce a list of HUBs who can provide one or more of the selected classes. You may also enter multiple item numbers, separated by a comma in the “items” field for a list of HUBs who can provide one or more of the selected items.  <b>NOTE: You may view the Commodity Code List by clicking on the “Class Code” or “Item Code” blue hot keys.</b>
5.	If you choose to limit the list by highway district, enter the district number.  <b>NOTE: You may view highway district Information by clicking on the “Highway District” blue hot key.</b>
6.	If you choose to limit the list by County, City or Zip Code, enter the appropriate information into the fields in the “Business Category/Vendor Location Search” box. If you have already limited by district, this additional information is not necessary.
7.	Press the “Search” button in the bottom left hand corner of the screen.

The HUB status codes indicate whether or not a particular vendor is an active HUB. The status codes may be viewed on-line by clicking on the “HUB Status” hot key. **NOTE: Vendors who are currently HUB certified will have a HUB status of “A- Active” when viewed in the Detail List format. When viewing a vendor’s complete profile, a certified HUB will show a HUB status of “Active Bidder (A – Approved; Active Texas certified HUB)”. All other HUB status codes indicate that a vendor is either inactive or not a HUB.**

## V. Business Category/Vendor Location Search

<b>Business Category/Vendor Location Search” - This feature may be used to identify vendors within a general Business Category and/or located within a specific County, City, Zip Code or Highway District.</b>	
<b>Business Category</b>	For the purposes of CMBL/HUB registration, vendors are grouped into one of the following categories: 01 - Heavy Construction other than Building Contracts 02 - Building Construction, including General Contractors and Operative Builders 03 - Special Trade Construction 04 - Financial and Accounting Services 05 - Architectural/Engineering and Surveying Services 06 - Other Services including Legal Services 07 - Commodities Wholesale 08 - Commodities Manufacturers 09 - Medical

<b>Zip Code Location</b>	Zip code in which the vendor is located based on the mailing address in its CMBL/HUB vendor profile. Specify 5-digit zip codes like “78701” or 9-digit zip codes like “78701-1234”.
<b>Highway District(s) Location</b>	The State of Texas is divided into 25 <a href="#">Highway Districts</a> which include designated counties. Vendors specify within their CMBL/HUB vendor profiles the highway districts to which they can provide their goods and services. Note: You must use a comma to separate multiple Highway District codes. Example: 01,03,22

“Select Fields For Output” - Select the fields of information that you would like have displayed in the search results. Some fields are preselected and may be unchecked if desired.

“Output Options” - Select the format in which you would like the information to be displayed. Note: If the search results exceed 1,000 vendors, you will have to select “Comma Delimited List” or “Tab Delimited List” which you can save and import into another median such as Excel.

## VI. Using the NIGP Commodity Code

The NIGP Commodity Code is a system of classifying goods and services by general descriptions (classes) and specific descriptions (items). NIGP Class-Item Codes contain five digits. To obtain the five digit code, combine the three digit class code with its corresponding two digit item number. Note that all class codes of 900 and above are for services.

EXAMPLE: Class 615 is described as “Office Supplies, General,” and Item 81 is described as “Staples.” If you were looking for vendors to provide staples, you would use Class/Item 615-81 to do your CMBL - HUB Directory search.

There are several ways to view the NIGP code on the CPA website:

### **Commodity Code Listing by Class**

This list includes a “hot key” for each class code. By clicking on the hot key, you can view the particular class with a sub-listing of individual item codes and descriptions. Classes are general headings, so if you can’t locate an item, try using the Commodity Code Search Screen.

Access the Commodity Code Listing by Class at:

<https://mycpa.cpa.state.tx.us/commbook/>

From this screen, you can enter a key word or words to match. Matches will contain all words entered. You can also do a search by three digit class code.

Access the Commodity Code Search Screen at:

<https://mycpa.cpa.state.tx.us/commbook/indexSearch>
